SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

As of 04/02/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information visit: <https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/Travel-Advisory.aspx>

On 04/21/21, the State Operations Center (SOC) changed the reporting tempo for the COVID-19 Sit Stat and Trifold Reports from daily to once a week. Updated reports can be expected every Tuesday of each week until further notice.

SITUATION SUMMARY

Coronavirus Disease 2019 (COVID-19) (Continued)

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 06/08/21 at 1100 hours:

- 174,572,459 (+2,848,284) total confirmed cases
- 3,756,686 (+185,922) total deaths

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 06/08/21 at 1000 hours:

- 33,207,488 (+114,250) total confirmed cases
- 595,301 (+3,762) total deaths

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 06/08/21 at 1100 hours:

- 3,691,660 (+792) total confirmed cases

COVID-19 Vaccines Administered – Per Vaccine Task Force as of 06/08/21 at 2359 hours:

- 38,652,198 (+1,094,691) vaccines administered
- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details

- Time of Resolution/Restoration: N/A
- Total Outage Time: N/A
- Jurisdiction Affected: South Bay Regional 9-1-1
- Reason For Outage: Unknown
- Wireless Users Impacted: No
- Wireline and VoIP Users Impacted: Yes – 1,572

Service Interruptions

- None reported.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- No significant weather of concern.

SOUTHERN CALIFORNIA

- A Wind Advisory is in effect until 0300 hours early Friday morning.
 - Impacts to Santa Barbara County, South Coast and Santa Barbara County Mountains.
 - Winds from 20 to 35 mph, with gusts between 45 and 55 mph.
- Starting Saturday, gusty northwest to north winds will bring driving hazards and elevated fire weather conditions through at least early next week, especially over southern Santa Barbara County.
- Gusty winds each afternoon and evening will lead to elevated fire weather conditions for the deserts onto the desert slopes of the mountains.
- **Excessive Heat Watch will be in effect for portions of Southern California beginning Monday morning and lasting into Friday evening.**
 - This will impact all deserts and the Inland Empire.
 - Some heat headlines may be considered for San Diego valleys and inland Orange County in the coming days.

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

06/10/21 - 06/16/21

Thursday - Tuesday

- Elevated fire weather conditions are expected across the Sierra and southern deserts/mountains Thursday, and may also return Sunday through Tuesday, with locally gusty winds over the Sierra
- Some additional light showers are possible across far northwest California Friday through the weekend, though rainfall amounts look to be less than one-tenth of an inch
- Warmer temperatures make a return for much of the state through the weekend and next week
 - Temperatures across southeastern California will significantly increase early next week, likely bringing significant heat impacts to the region
 - Inland deserts could see Very High Heat Risk beginning next Wednesday

CALIFORNIA WEATHER IMPACTS
